EXPLANATORY STATEMENT

Item 1 - Financial Statements

In accordance with section 317 of the Corporations Act 2001 (Cth) (**Corporations Act**), the financial report, directors' report, directors' declarations and the auditors' report of the Company for the financial year ended 30 June 2006 will be laid before the meeting. Shareholders will be provided with an opportunity to ask questions in relation to the reports but there will be no formal resolution put to the meeting.

Item 2 - Advisory Vote in Relation to the Remuneration Report of the Company

Section 250R(2) of the Corporations Act requires that shareholders of a listed company vote in respect of the remuneration report of the Company. Section 250R(3) of the Corporations Act provides that the vote on the resolution is advisory only and does not bind the board of directors of the Company (**Board**). The remuneration report is contained within the directors' report of the Company, on page 38 of the Company's annual report for the financial year ended 30 June 2006. Shareholders will be provided with an opportunity to ask questions in relation to the remuneration report prior to the resolution being voted on as an ordinary resolution.

Item 3 - Re-election of Dr Peter Farrell AM PhD DSc – Independent Non Executive Director

Dr Peter Farrell was appointed as a director of the Company by the Board on 16 March 2006. The constitution of the Company and the Listing Rules of Australian Stock Exchange (**ASX Listing Rules**) provide that any director appointed since the last annual general meeting of the Company must retire at the end of the next annual general meeting. Dr Peter Farrell retires in accordance with the constitution of the Company and the ASX Listing Rules and offers himself for re-election.

Dr Peter Farrell has spent more than 20 years developing and commercialising medical products in the United States of America, Europe, Japan and Australia. He is widely recognised as a leader in engineering, biomedicine and entrepreneurship, and was appointed a Member of the Order of Australia in 2004 for his services to biomedical research and engineering. In 2005, Peter was named the United States Entrepreneur of the Year for Health Sciences.

Dr Peter Farrell began his commercial career with Baxter Healthcare Inc. in Japan as Director and Vice President of Research and Development, then as Managing Director of the Baxter Center for Medical Research. Peter left Baxter in 1989 to establish ResMed Inc., a company that develops treatments for sleep-disordered breathing and respiratory failure. Peter is currently founding Chairman and Chief Executive Officer of ResMed Inc. Since its initial public offering in 1995, ResMed has achieved 40 consecutive quarters of record year-on-year growth in revenue and profits. Peter also serves on the Executive Councils of Harvard Medical School and the University of California at San Diego, and is visiting Professor at the University of Sydney. He has written more than 150 papers covering topics from engineering applications in medicine to focusing technology to meet business objectives.

If re-elected, Dr Peter Farrell's term of appointment will be until the end of the third annual general meeting subsequent to his re-election or three years (whichever is longer), subject to the constitution of the Company (in particular the retirement by rotation provisions), the ASX Listing Rules and the Corporations Act.

The Board (with Dr Peter Farrell abstaining) recommends that shareholders vote in favour of this resolution.

Item 4 - Re-election of Mr Denis Hanley AM MBA FCPA – Independent Chairman

Mr Denis Hanley retires by rotation in accordance with the constitution of the Company and the ASX Listing Rules and offers himself for re-election.

Denis Hanley is a qualified accountant and company director with more than 35 years experience in the management of technology-based growth businesses. Denis joined the Board in 2001.

Denis spent 14 years with Baxter International Inc., a global medical products and services company. Denis' career at Baxter included a number of international assignments including its Chicago headquarters, and his last position was managing director of Baxter's Australian operations. In 1983, Denis was founding chief executive officer and, in 1986, executive chairman of the Australian-based separations technology company Memtec Ltd. Under his leadership, Memtec grew into a NYSE-listed global operating filtration and separations business with 1,700 employees. Since the sale of Memtec to US Filter Corporation in 1997, Denis has been a successful angel investor, assisting in the commercialisation of several Australian technologies. He is non executive chairman of CathRx Ltd and Lochard Ltd and a non-executive director of Universal Biosensors, Inc. Denis holds an MBA with High Distinction from Harvard Graduate School of Business, where he was named a Baker Scholar.

If re-elected, Denis Hanley's term of appointment will be until the third annual general meeting subsequent to his re-election or three years (whichever is longer), subject to the constitution of the Company (in particular the retirement by rotation provisions), the ASX Listing Rules and the Corporations Act.

The Board (with Denis Hanley abstaining) recommends that shareholders vote in favour of this resolution.

Item 5 - Remuneration of Non Executive Directors

Clause 51 of the constitution of the Company provides that the Company may remunerate each director as the Board decides, but that the total amount of directors' fees of non executive directors may not exceed the amount fixed in annual general meeting. ASX Listing Rule 10.17 likewise provides that the Company may not increase the total amount of directors' fees payable without the approval of ordinary shareholders.

Item 5 seeks the approval of ordinary shareholders of the Company under clause 51 of the constitution of the Company and ASX Listing Rule 10.17 to increase the maximum aggregate annual amount out of which fees may be paid to the non executive directors of the Company, by A\$300,000 from A\$300,000 per annum to A\$600,000 per annum. The change is proposed to take effect for the financial years commencing from and including 1 July 2006.

Non executive directors' fees (including statutory superannuation) are currently determined within the current annual remuneration cap of A\$300,000. Currently, there are two components to the fees paid to independent non executive directors:

- a base fee of A\$110,000 for the chairman and A\$60,000 for other non executive directors;
- an additional annual fee for non executive directors serving on committees of A\$5,000 as a committee member and A\$10,000 as a committee chair;

Independent non executive directors are permitted to package their total remuneration as determined above to include superannuation and/or options as an alternative to and reduction of their cash fee. Options granted as an alternative to an annual cash fee vest immediately upon shareholder approval.

The other non executive director, Ms Brigitte Smith, is a principal of a venture capital firm that manages funds which are a significant shareholder of the Company. As such, Ms Smith is not considered to be an independent director of the Company. Ms Smith is paid an annual fee of A\$40,696 and is not granted any options in the Company.

No termination payments are payable to non executive directors on their retirement from office.

Non executive directors' fees and payments are reviewed annually by the Board and the Remuneration and Nomination Committee of the Company. The actual amount of directors' fees paid to non executive directors was A\$190,687 for the 2004/2005 financial year and A\$234,292 for the 2005/2006 financial year.

The aggregate annual remuneration of A\$300,000 available for the non executive directors of the Company was set in 2003 prior to the initial public offering of the Company's ordinary shares and quotation of the Company's ordinary shares on Australian Stock Exchange (**ASX**). At that time the Board consisted of five non executive directors and two executive directors. The Board now comprises of six non executive directors and one executive director, and, in addition to substantial growth in the Company's operations since 2003, the Company has also listed on the NASDAQ Global Market. The demands that are made on and the responsibilities of, the non executive directors have increased significantly over this period.

During the 2006 financial year, the Company commenced the initial steps of transformation of the Board. Following the appointment of Dr Peter Farrell as a non executive director of the Company, Dr Carrie Hillyard and Dr Brett Charlton both resigned from the Board. The transformation process will continue in 2007 as the Company seeks new directors with relevant capability and experience.

Before commencing this transformation process the Board obtained external advice to assist in its deliberations in relation to the skills and experience required of new directors, and the appropriate remuneration policies necessary to attract suitable candidates.

The proposed increase in the aggregate directors' fees payable to non executive directors is made based on the external advice and provides the Board with required flexibility to continue to strengthen the Board.

Items 6 to 10 – Grants of Options to Directors

The grant of options to directors under the employee option plan of the Company (**Employee Option Plan**) requires the approval of shareholders under Listing Rule 10.14 of the ASX Listing Rules.

To date, the Board's practice has been to approve the grant of options during the course of the year and then seek shareholder approval for those grants of options at the next annual general meeting. The resolutions proposed in items 6(a), 6(b), 7(a), 8(a), 9(a) and 10(a) seek the approval of the past grants of options made by the Board since the last annual general meeting.

Listing Rule 10.14 of the ASX Listing Rules also permits the Company to seek prior approval for the grant of up to a specified maximum number of options for the future 12 month period following the annual general meeting. Going forward, the Company wishes to seek prior approval from shareholders to the grant of options to directors in this manner. By approving the grant of options in advance:

- options can be granted to directors at the same time as options are granted to other employees of the Company;
- tax complexity surrounding the grant date of options is reduced for directors; and
- it is clearer to the public as to the status of the Company's issued share capital.

The resolutions proposed in items 6(c), 7(b), 8(b), 9(b) and 10(b) seek prior shareholder approval for the grant of options to the specified directors up to a specified maximum number for the period of 12 months following the annual general meeting of the Company.

No options have been granted to directors since the approval by ordinary shareholders of the grant of options to Directors at the last annual general meeting. However, during the year, the Board has resolved to grant options, subject to the receipt of shareholder approval to directors of the Company.

The names of the directors that may be granted options under items 6 to 10 are Mr Denis Hanley, Dr Peter Farrell, Mr Charles Kiefel, Mr Malcolm McComas and Dr Alan Robertson.

Items 6(a), 6(b), 7(a), 8(a), 9(a) and 10(a) – Options Approved to be Granted Prior to the Date of the Annual General Meeting

Immediately prior to the appointment of Dr Peter Farrell as a non executive director of the Company, on 16 March 2006 the Board resolved, subject to the receipt of necessary shareholder approval, to grant Dr Peter Farrell 200,000 options for no cash consideration and with an exercise price of A\$2.068 (which represents the average closing price of the Company's ordinary shares on ASX on the five trading days prior to 16 March 2006) under the Employee Option Plan. If approved, the proposed options would be taken to be granted on 16 March 2006 and would expire on 15 March 2016. Item 6(a) seeks approval in respect of the grant of 200,000 options to Dr Peter Farrell.

The initial options proposed to be granted to Dr Peter Farrell pursuant to Item 6(a) would be governed by the terms of the Employee Option Plan and would be granted on terms generally consistent with the existing options granted by the Company. The proposed options would vest in four equal tranches with the first quarter vesting on 30 June 2007, the second quarter vesting on 30 June 2008, the third quarter vesting on 30 June 2009 and the final quarter vesting on 30 June 2010.

Following a review of director and employee performance for the year ended 30 June 2006, on 8 August 2006 the Board resolved, subject to the receipt of the necessary shareholder approvals, to grant an additional 278,957 options to directors of the Company under the Employee Option Plan as set out below:-

- 40,000 options to Mr Denis Hanley, the non executive chairman of the Company;
- 20,000 options to Dr Peter Farrell, a non executive director;
- 48,957 options to Mr Charles Kiefel, a non executive director;
- 20,000 options to Mr Malcolm McComas, a non executive director; and
- 150,000 options to Dr Alan Robertson, the chief executive officer of the Company, each for no cash consideration and with an exercise price of A\$1.917 (which represents the average closing price of the Company's ordinary shares on ASX on the five prior trading days prior to 8 August 2006).

If approved, the proposed options would be taken to be granted on 15 August 2006 and would expire on 14 August 2016. Items 6 (b), 7(a), 8(a), 9(a) and 10(a) seek approval in respect of the grant of options to each of Dr Peter Farrell, Mr Denis Hanley, Mr Charles Kiefel, Mr Malcolm McComas and Dr Alan Robertson.

Each of the options proposed to be granted pursuant to Items 6(b), 7(a), 8(a), 9(a) and 10(a) would be governed by the terms of the Employee Option Plan and would be granted on terms generally consistent with the existing options granted by the Company. The non executive directors have elected to accept the proposed grant of options as an alternative to either all or a portion of their current year directors' cash fee. As such, the proposed options to be granted under items 6(b), 7(a), 8(a), 9(a) to Mr Denis Hanley, Dr Peter Farrell, Mr Charles Kiefel and Mr Malcolm McComas would therefore vest immediately upon shareholder approval.

In respect of those options granted to Dr Alan Robertson subject to the receipt of necessary shareholder approval, the proposed options would vest in four equal tranches with the first quarter vesting on 30 June 2007, the second quarter vesting on 30 June 2008, the third quarter vesting on 30 June 2009 and the final quarter vesting on 30 June 2010 and is also subject to the achievement of annual performance targets set and approved by the Company's Remuneration and Nomination Committee. The Company's Remuneration and Nomination Committee may approve the vesting of all or only a portion of the relevant options. If a takeover offer is made for the Company, all options which have not yet vested, automatically vest.

Subject to receipt of shareholder approval, the options the subject of Items 6(b), 7(a), 8(a), 9(a) and 10(a) would be granted under the Employee Option Plan as soon as practicable after the

annual general meeting and in any event no later than 12 months from the date of the annual general meeting.

The Company will not receive any cash consideration from the grant of the options but will receive cash consideration on the exercise of the options. The consideration received on exercise of the options will be used for the Company's general corporate purposes. The Company will not provide any loans or other financial assistance in connection with the grant or exercise of the proposed options.

Items 6(c), 7(b), 8(b), 9(b) and 10(b) – Options Approved to be Granted in the 12 Months After the Date of the Annual General Meeting

As noted above, the Board's practice has been to grant options during the course of the year and then retrospectively seek shareholder approval at the next annual general meeting. The Board now wishes to approve the grant of options in advance to the extent possible. The Company seeks approval for each of Dr Peter Farrell, Mr Denis Hanley, Mr Charles Kiefel, Mr Malcolm McComas and Dr Alan Robertson to participate in the Employee Option Plan up to the specified maximum number of options set out in the notice of meeting for a period of twelve months from the date of the annual general meeting.

The proposed options would be governed by the terms of the Employee Option Plan and would be granted at the discretion of the Board on terms generally consistent with the existing options granted by the Company to directors. The options would expire 10 years after the date of grant of the options. The options would be granted for no cash consideration and would be exercisable at a price which represents the volume weighted average price of the Company's ordinary shares on ASX over the five trading days prior to the date of grant by the Board.

The proposed options would vest immediately upon grant for non executive directors, and in the case of executive directors, in four equal tranches with the first quarter vesting on 30 June 2008, the second quarter vesting on 30 June 2009, the third quarter vesting on 30 June 2010 and the final quarter vesting on 30 June 2011. In respect of options issued to Dr Alan Robertson, the vesting of the options likewise vest in four equal tranches and are also subject to the achievement of annual performance targets set and approved by the Company's Remuneration and Nomination Committee. The Company's Remuneration and Nomination Committee may approve the vesting of all or only a portion of the relevant options. If a takeover offer is made for the Company, all options which have not yet vested, vest.

Subject to receipt of shareholder approval, the options would be granted under the Employee Option Plan when approved by the Board in the 12 months following the date of the annual general meeting. Details of options granted to directors in accordance with the terms of the Employee Option Plan and any underlying ordinary shares issued on the exercise of these options will be published in each annual report of the Company, relating to the relevant period in which options were granted or the shares were issued.

Any additional persons who become entitled to participate in the Employee Option Plan after the date of approval of these proposed resolutions and who was not named in this notice of meeting will not participate until approval is obtained under Listing Rule 10.14.

The Company will not receive any cash consideration on the grant of the options but will receive cash consideration on the exercise of the options. The consideration received on exercise of the options will be used for the Company's general corporate purposes. The Company will not provide any loans or other financial assistance in connection with the grant or exercise of the proposed options.

Option terms

When exercisable, each option granted under the Employee Option Plan entitles the holder to subscribe for one fully paid ordinary share in the capital of the Company. Each ordinary share issued on exercise of an option will rank equally with all other ordinary shares then on issue.

The Company will not receive any cash consideration on the grant of the options but will receive cash consideration on the exercise of the options by the holder. The consideration received on the exercise of the options will be used for the Company's general corporate purposes.

The proposed resolutions set out in items 6 to 10 seek the necessary shareholder approvals to grant the options to Dr Peter Farrell, Mr Denis Hanley, Mr Charles Kiefel, Mr Malcolm McComas and Dr Alan Robertson under the Employee Option Plan up to the maximum amounts specified above. The directors (with each relevant director abstaining in respect of option grants to themselves) recommend that shareholders vote in favour of resolutions 6 to 10 (inclusive).

Renewal of Proportional Takeover Provision in the Constitution of the Company

Proportional Takeover Provision

The Company's constitution was adopted in November 2003 immediately prior to the quotation of the Company's ordinary shares on ASX. The constitution of the Company contains a proportional takeover provision which provides that if a person makes a proportional takeover offer for less than all of the share capital of the Company, ordinary shareholders are entitled to vote to determine whether the proportional takeover offer may proceed.

The terms of the proposed provision are set out in article 45 of the current constitution of the Company, a copy of which is available on the Company's website www.pharmaxis.com.au.

In accordance with the Corporations Act, the proportional takeover provision expires three years after adoption of the provision. As a result, the proportional takeover provision is due to expire in November 2006. The directors of the Company consider that it is in the best interests of shareholders for the constitution of the Company to contain the proportional takeover provision and shareholders are asked to renew the provision to ensure that the provision continues to apply.

Reasons for Renewing the Proportional Takeover Provision

In the absence of a proportional takeover provision, a person holding or acquiring less than a majority interest in the Company (**Offeror**) may be able to gain control of the Company without acquiring a majority interest and without ordinary shareholders having the opportunity to dispose of all of their shares to the Offeror. The Board considers that ordinary shareholders should have the opportunity to determine whether or not a proportional takeover should be permitted to proceed. This is achieved by requiring shareholders to pass a resolution approving a proportional takeover bid. Accordingly, the Board has proposed the renewal of article 45 in the constitution of the Company which requires the approval of ordinary shareholders for a proportional takeover.

Effect of the Proposed Proportional Takeover Provision

In conjunction with the Corporations Act, the proportional takeover provision provides that if a proportional takeover offer for less than all of the share capital of the Company is received from an Offeror, the Board must ensure that an approving shareholder resolution is voted on no more than 14 days before the bid period ends. The Board will decide whether the vote is to be taken at a general meeting or by a postal ballot.

If the resolution seeking the approval of shareholders for the specific proportional takeover offer is rejected by simple majority within the time permitted under the Corporations Act, the registration of any transfer of shares resulting from that proportional takeover bid will be prohibited.

If no approval resolution is voted on more than 14 days before the offer period ends, the approval resolution will be deemed to have been approved.

If the approval resolution is passed by simple majority, the relevant transfers of shares will be registered provided they otherwise comply with the provisions of the constitution of the Company.

The proportional takeover provisions in the constitution will again cease to have effect three years after their renewal unless again renewed by a special resolution.

No Present Acquisition Proposals

The Board is not aware of any proposal by any person to acquire, or to increase the extent of, a substantial interest in the Company. The Board does not propose the proportional takeover provision because of any transaction of which they are currently aware.

Potential Advantages and Disadvantages

The Board considers that the primary advantage of the proposed takeover provision is to ensure that all shareholders have an opportunity to consider a proportional takeover bid. The ability to vote on a proportional takeover bid gives shareholders the opportunity to prevent the proportional takeover from proceeding if they so desire and should ensure that the terms of any future proportional takeover bids apply to a majority of shareholders. The Board also considers that the opportunity for shareholders to vote is desirable because it enables the directors to formally ascertain the views of shareholders in respect of a proportional takeover bid.

A potential disadvantage of the proposed provision is that it makes it more difficult for a proportional takeover bid to proceed and may discourage proportional takeover bids. This in turn may reduce the opportunities which shareholders may have to sell some of their shares at an attractive price to persons seeking control of the Company and may reduce any speculative element arising from a possible proportional takeover bid in the Company's share price. However, the Board believes that the requirement that the views of shareholders be obtained prior to a proportional takeover should not adversely affect any offer which is attractive to the majority of shareholders.

The directors recommend that shareholders vote in favour of resolution 11.
